

# Clonetics™ Endothelial Media Systems

## Product Information

### Endothelial Media Differences

#### EGM® Endothelial Growth Media & EGM BulletKit®

- Basal media developed for normal human endothelial cells in a low-serum environment
- EGM includes an attached aliquot of Bovine Brain Extract (BBE)
- EGM BulletKit includes all supplements and growth factors in separate, frozen aliquots
- Final serum concentration 2%

#### EGM-MV BulletKit

- Developed for microvascular and coronary artery endothelial cells
- Basal medium is unchanged
- Final serum concentration increased to 5%

#### EGM-2 BulletKit

- Refinements to basal medium and the growth factors
- Further defined, does not contain BBE
- Final serum concentration 2%

#### EGM-2-MV BulletKit

- Developed for the enhanced growth of lung microvascular cells
- Final serum concentration increased to 5%

#### EGM-2 BulletKit (CC-3162)

- No BBE (Bovine Brain Extract)
- hEGF
- Hydrocortisone
- GA-1000 (Gentamicin, Amphotericin-B)
- FBS 10 ml
- VEGF
- hFGF-B (w/ heparin)
- R<sup>3</sup>-IGF-1
- Ascorbic Acid
- Heparin

#### EGM-2-MV BulletKit (CC-3202)

- No BBE (Bovine Brain Extract)
- hEGF
- Hydrocortisone
- GA-1000 (Gentamicin, Amphotericin-B)
- FBS 25 ml
- VEGF
- hFGF-B (w/ heparin)
- R<sup>3</sup>-IGF-1
- Ascorbic Acid

### SingleQuot® Kit Contents

#### EGM (CC-3024) EGM-BulletKit (CC-3124)

- BBE (Bovine Brain Extract), with heparin
- hEGF
- Hydrocortisone
- GA-1000 (Gentamicin, Amphotericin B)
- FBS 10 ml

#### EGM-MV BulletKit (CC-3125)

- BBE (Bovine Brain Extract), w/ heparin
- hEGF
- Hydrocortisone
- GA-1000 (Gentamicin, Amphotericin B)
- FBS 25 ml

### EGM™-2 MV - Microvascular Endothelial Cell Medium-2

EGM-2 MV has been developed to support the growth and expansion of lung microvascular cells. Final concentration of FBS is 5%.

Clonetics® Media Systems are specially designed to support the growth of human and animal primary derived cells. Media systems have been specifically developed and optimized for various cell systems. Media is supplied in several formats:

- Basal Media - contains no growth factors cytokines, or supplements

- SingleQuots® - growth factors, cytokines, and supplements

- BulletKits® - basal media and SingleQuots packaged together

**Questions?** Call the [e-Commerce Customer Service Desk](#) and refer to this product.

**Technical Questions?** Contact Technical Service, click [here](#).

**Order placement on our web site is available to customers in the US and Canada only.** Price applicable to US and Canadian customers only. Other customers please refer to the [Contact Us](#) site for the local distributor in your area.

**To order this product** place the quantity you wish to order in the QTY field and click the shopping cart icon. When finished shopping, click [Your Shopping Cart](#) to view the contents of your cart and proceed to checkout. For further information on placing orders on our site refer to [Sales Order Placement FAQs](#).
